

## Youth Voices

Music

Discover your voice in our inclusive, all-comers choir. Join a community of young singers to explore different musical styles, have fun and build lasting friendships through the joy of singing.

### About this programme

Youth Voices is a welcoming space for anyone curious about singing. Directed by vocal experts, you'll explore fun ways of making music and learn techniques to develop your voice across various musical styles. There's no need for any musical background – all you need is enthusiasm and a willingness to have a go. After a taster session, you'll join weekly rehearsals during term time, building your confidence and connections within a supportive group. Each term finishes with an exciting project, from performing in live shows to writing and recording original songs, celebrating everything you've created together.
